Wish Master Battle

Author Gavin Biggs

FANTASY AND MYTHS

Marcus may have to leave his very exclusive school because his parents have money worries. Then, one day, he discovers a new computer game: Wish Master Battle. It's a game with a difference, and what happens in Wish Master Battle also happens in real life. Soon Marcus is winning money, but there is more than treasure in the game...

The Ripple Effect

Author Bill Bowler

SCIENCE FICTION

After a huge power cut, Mia starts experimenting with her great-grandfather's old radio. At first, nothing happens, but then she hears a voice that says it is calling from the future. To her horror, Mia learns that events in present-day Cambridge will have a terrifying impact on Earth in the year 2150. Only she and her friend Sam can stop this disaster, but powerful forces soon learn of their existence...

Crash Course

Author E.J. Taylor

HUMAN INTEREST

Cars! Luke, Erin and Isaac are obsessed with them. Although they are too young to drive on the road, they spend all their free time taking part in amateur races. They don't have much money, so they struggle to compete, and there's one other driver who drives them mad: arrogant Jack with his rich dad's money. When Luke's rivalry with Jack escalates, the boys find themselves in a situation neither can control...
